January 22, 1985

Honorable William J. Casey  
Director of Central Intelligence  
Washington, D.C. 20505

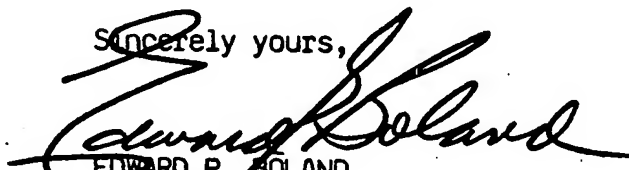

Dear Mr. Casey:

This is in response to the Agency's submission of the Office of Security operational file exemptions you approved on December 12, 1984 under the Central Intelligence Agency Information Act (Public Law 98-477). A review of the exemptions shows that they are consistent with the Act and its legislative history. Accordingly, the Committee has no objection to their taking effect.

The Committee looks forward to reviewing the operational file exemptions for the Directorate of Operations and the Directorate for Science and Technology.

With every good wish, I am

Sincerely yours,

MEMORANDUM FOR: Director of Central Intelligence

VIA: Executive Director  
Deputy Director of Central Intelligence

FROM: Harry E. Fitzwater  
Deputy Director for Administration

SUBJECT: Office of Security File Category Recommendations

REFERENCE: Memorandum from the DCI to the Director of Security,  
dated 15 October 1984, Subj: Implementation of FOIA  
Relief Legislation

1. Action Requested: This memorandum submits a recommendation in paragraph 3 for approval of the Director of Central Intelligence.

2. Background:

25X1 a. The Director of Security in response to the referenced memorandum has submitted the attached recommendation that you designate three categories of files as exempt from the search, review, publication, and disclosure provisions of the Freedom of Information Act. According to the recently enacted Central Intelligence Agency Information Act, relief from the FOIA is activated by your designation of the file categories that are recommended to you for that purpose. These file category recommendations have been developed pursuant to the new legislation and the Agency's implementing directive, [ ] File Designation Under the Freedom of Information Act. The Directorates of Operations and Science and Technology, having more extensive filing systems, are working to submit their recommendations as soon as possible.

b. I have delegated to the Director of Information Services responsibility for reviewing on my behalf all file category recommendations before submission for DCI approval. He has personally reviewed the process by which the Office of Security developed its recommendations and has determined that each recommended file category does in fact meet the standards for designation in accordance with the

CIA Information Act. Moreover, he has advised that these file categories have the full concurrence of the Office of General Counsel and the Office of Legislative Liaison as well as the Directorates of Operations and Science and Technology which are affected by these designations.

25X1 3. Recommendation: It is recommended that you approve the file categories submitted by the Director of Security in the attachment. In accordance with [redacted] and the referenced memorandum, your file designations will be provided to our oversight committees prior to implementation.

Enactment of the "Central Intelligence Agency Information Act" is a significant legislative achievement which required immense effort and dedication on the part of many individuals. We recognize that your efforts to obtain FOIA relief for the Agency began in the last Congress with S. 1273, introduced by Senator Chafee. Your work on behalf of this legislation the past few years, and particularly your help in securing unanimous Senate passage on 28 September, is greatly appreciated by the Agency and all those who cooperate with us around the world.

With best wishes and warm regards.
